in an entirely different light. The public wants baseball and the players want to play baseball just as much as the club owners want them.

"Players should remember what happened during the brotherhood struggle. Then the players got tremendous salaries but at the end of a year the salaries dropped to almost nothing."

JOHNSON TAKES UP THE DESERTION OF HAMILTON

Cincinnati, April 10.—President Sam Johnson of the American league and member of the national commission met with Chairman August Herrmann of the commission here today and discussed the desertion of Pitcher Earl Hamilton from the St. Louis American league club to the Kansas City Federal league team yesterday.

After a two-hour session President Johnson left for Chicago to take up the case with attorneys for the American league. He would not state what action was contemplated.

Chairman Herrmann gave our this statement:

"No action in the Hamilton case was taken, although it was discussed as fully as possible. We cannot take any action until we are better informed regarding the case."

TWO MORE MINOR LEAGUES DICKER WITH FEDERALES

St. Louis, April 10.—"Two minor leagues are still in existence with the Federal League," said Otto Stifel, the heaviest stockholder in the St. Louis Federals today.

"We will have our own minor leagues next season. The indications are that we can have as many as we want. The minor leagues with which we are dealing are of high classification. They are almost ready to jump now."

We must acquire a minor league to farm our players. Every man who signed our contract this year, at a time when we did not have much proof of our ability, will be taken care of. Their salary is assured for life. We have their names enrolled and will always look after them."

ST. LOUIS AMERICANS ARE IN SERIOUS PREDICAMENT

St. Louis, April 10.—As a result of Earl Hamilton's desertion to the Federal league yesterday and the announcement of Clem Clemons that he would go to Chicago today presumably for the same purpose, the St. Louis American league club today began a struggle to protect itself from other onslaughts by the Federal league.

The strongest defense uncovered today was the elimination of the mandatory release notice from all 1914 contracts. The clause had given the club the right to drop any player on ten day notice.

As a precaution against further derision, Manager Rickey of the St.
